# Eco-Friendly Sole Solution Rice Rubber™

## Overview

Reduce your shoe's footprint with Jones & Vining's Rice Rubber™ outsoles. Rice Rubber is a unique sustainable, eco-friendly product featuring a combination of natural rubber and natural rice husks that delivers durability, slip and abrasion-resistant properties.

Produced with our patented process, Rice Rubber™ is available exclusively through Jones & Vining's China facilities. Double R and Triple R versions provide a range of recycled material content.

# Material Standard of Rice Rubber™

Test Item	Unit	Test Result	Test Method
Specific Gravity	g/cm3	1.09	ASTM-D297
Hardness, Type A	scale	59-61	ASTM-D2240
Tensile Strength	kg/cm2	>80	ASTM-D412
Elongation	%	>400	ASTM-D412
Tear Test	kg/cm	45.3	ASTM-D624
Shrinkage	%	0	70°, 1hr
Abrasion, DIN	DIN	>140	DIN-53516
Abrasion, NBS	NBS	138	ASTM-D1630
Static Slip, Dry	scale	1.28	ASTM-D1894
Static Slip, Wet	scale	0.71	ASTM-D1894
Ross Flex	100,000x	Passed	ASTM-D1052
